OLYMPIC PARK

Should do a rushing business all this week with its excellent show. It is an entertainment of diversified novelty, including performing goats, banjoists, singing comedians, illustrated songs and moving pictures.

Prof. Dunbar's trained goats are one of the biggest acts in Vaudeville. They do more intelligent stunts than the ordinary canine act.

Dave Claudius and Miss Searlet are banjoists of the first water, playing everything from William Tell to selections from Little Johnnie Jones.

Hyde and Heath are singing comedians. Hyde is not the insurance "skinner" but a common tramp—in the act—who does all kinds of funny "kinks" along with his juvenile partner, Heath.

Miss Sherman will be assisted by the Olympic quartet, singing the beautiful illustrated song, "Starlight," and the Kinodrome will present the screeching picture "The Terrible Kids." This is by far the best show of the season, and is constructed especially to please the ladies and children. The admission is only 10 and 15 cents. The first show starts tonight at 7:35.

LEVI BEVARD

(Continued from Page 1.)

Phil B. Smythe, the handcuffs having been removed.

Just in his rear sat his brother William Bevard, on his left, while on the right sat his wife, who was Rosa Werts, a daughter of the woman he is accused of murdering.

Bevard plainly showed the effects of his prison confinement of about a year. When he was arrested he was tanned and brown from his labors at farm work. Monday he was pale and looked wan, but his eyes had a clear color, showing perfect health.

He wore a neat fitting suit of a dark blue material, and from the fall to the court house a soft black hat. He watched the proceedings closely and showed no signs of perturbation, although his countenance manifested that he realized the terrible import of a conviction of the crime of which he is charged. There is no sign of bravado about him, and his demeanor is that of a man who knows that his very life is at stake in the outcome of proceedings he is witnessing.

An Advocate reporter greeted him in the sheriff's office just at the noon recess, and Bevard answered the question as to how he felt.

"Fine, never better in my life," and he evidently felt that way.

Just before leaving the court room for the sheriff's office at noon, he tenderly embraced and kissed his wife, and tears were in the eyes of both as they parted.

Eva Werts is on hand as a witness, and spent most of the day in the witness room. She had little to say to anyone, remaining with a woman companion constantly.

There are 35 witnesses subpoenaed to be in for the defense.

EXAMINING JURORS.
William Larason was the first juror called of the regular venire. He was asked the usual questions concerning his opinions of capital punishment, all of which he answered satisfactorily and no challenge was made for cause, but the defense reserved its peremptory challenge.

I. H. Porter of St. Louisville, was the next juror called and the same formalities were gone through as in the case of Mr. Larason, and he was

DR. LEGGE ABSENT.

Dr. C. F. Legge, who was co-accused when the murder was committed, will not be present at trial. He was considered a most important witness by the State, and his testimony was greatly desired. Prosecutor Fitzgerald has received a certificate from Dr. Legge's physician in North Carolina, stating that it would be impossible for the ex-Coroner to be present.

No deposition can be taken as in a criminal case the accused has the constitutional and statutory right to meet his witnesses face to face, so that the State will have to proceed without Dr. Legge's testimony.

J. F. Meredith of East Newark, an ex-policeman, was next called, said he had no opinion as to the guilt or innocence of the accused, and since leaving the police force had lost all interest in criminal matters. Mr. Meredith was challenged peremptorily by the defense, Mr. Smythe reserving exceptions to being required to exercise a peremptory challenge at the present stage of the proceedings. Mr. Meredith was excused.

Edward Harding, one of the jurors, presented a certificate from a physician that his wife was critically ill and needed his constant attention. Mr. Harding was excused from service.

W. M. Shipley of Bennington township, answered questions saying that he had expressed an opinion as to the guilt or innocence of defendant. He also said that he would not render a verdict of guilty of first degree murder on circumstantial evidence. Mr. Shipley was excused after having been challenged for cause by the state.

Robert Ashcraft of Perry township, was next called. He was "ticklish" about capital punishment, and would not render a verdict of guilty on circumstantial evidence. Had formed some opinion from newspaper accounts. Challenged peremptorily by the state and was excused.

Herman Baker of Monroe township was next called, and excused on account of deafness.

W. H. Neff, a B. and O. switchman, was called. Said Mr. Fitzgerald was counsel against him in a pending litigation. He also said he had formed an opinion and did not believe he could render a fair and impartial verdict. Mr. Neff was challenged for cause by the state and was excused.

William M. Tucker of Hopewell township, was then called and passed by the State and defense.

John S. Fulton of Newark was called, but claimed an exemption from jury duty on the grounds of being a public official, and a member of the Board of Education. Mr. Fulton is postmaster at Station 1, located in West Newark.

Henry Baker of Newark City said he knew very few people in McKean township and knew of no reason why he could not sit as an impartial juror. Mr. Baker was excused for cause on the part of the defendant.

Dennis Brown excused, having formed an opinion.

W. T. Forsythe of St. Albans township was opposed to capital punishment and was excused for cause.

Henry Foster of Liberty township, was passed as was Lawrence Ball of Newark City.

George Stewart of Newark township was challenged by the State, as he said he would not return a verdict of guilty on circumstantial evidence. Mr. Stewart was excused.

Thomas W. Tabler of Newark City, had formed an opinion and was challenged for cause by the State and excused.

Bunn Moreland of Newark City, stated that he had measles in his family and was excused.

Fred Lisey of Newark City, opposed to capital punishment and was challenged for cause by the State. Excused.

Wesley Reed of Fallsburg township was passed.

R. B. McCann of Granville township, was passed.

Stephen Hoskinson of Hanover township, was challenged for cause by the defense as he said he had formed an opinion that a murder had been committed. The challenge was overruled by the court. Peremptorily challenged by the defense and excused.

MONDAY AFTERNOON.

Smith Wright of Newark township was examined and passed.

R. J. Butcher of Hanover township was passed.

Frank Simpson of Johnston was the next juror and he was passed.

Joseph Towell of Utica, was examined.

George Oatman of Madison township, was examined and passed.

A. W. Dicken of Licking township was passed.

If the sewers of New York City were placed end to end in a straight line they would reach from there to Pike's Peak, 1,739 miles, and the paved streets of the city would make a road along one side of them all the way.

COURT ORDERS
PRISONER FREED

HENRY NUGENT CASE IS BEFORE JUDGE BRISTER MONDAY MORNING.

Insane Man Who Escaped from Hospital Is Found in Harrison Township.

Probate Judge Brister held an examining court on Monday morning on the application of Henry Nugent to be discharged from custody, being head in the county jail, having been bound over to the grand jury on the charge of petit larceny, and being unable to give bond. F. A. Bolon appeared for the prisoner, Nugent.

Upon a hearing of the case the evidence disclosed that Nugent was working for R. Hurlough, the livery man, and was discharged for drinking. Nugent claimed a balance due him, which Hurlough denied. It was charged that Nugent went into Hurlough's harness room while intoxicated and said if he could not get his pay in any other way he would take it out of the harness. He removed the set of harness from the harness room and took it to another part of the stable. On being remonstrated with he removed the harness to where he got it, and walked away. The court ordered the prisoner discharged.

Escaped From Hospital.

Probate Judge Brister recently received a letter from Dr. George Stockton, superintendent of the State Hospital informing him that Murle DeWolf, who was adjudged a lunatic by the Licking county Probate court about a year ago, had escaped from the institution. A few days ago some one notified Sheriff Redman that DeWolf had been wandering about Harrison township for the past two weeks. The sheriff went out to Harrison township and secured the man, and on a warrant issued by the Probate court returned De Wolf to the State Hospital.

To Circuit Court.

L. V. Owen, attorney for Frank Hildreth, has stated the intention of the defense to carry the case to the Circuit court. As triangulated the Advocate from Mt. Vernon Saturday Hildreth was given an 18 year sentence for shooting Sheriff Shellenberger.

Prisoners Discharged.

The case of the State of Ohio vs. Elias B. Osborne, Arthur A. Osborne and George Saunders, charged with making an assault and battery on Squire Orr, was called in Squire Lake's court. The trouble grew out of a difference of views over a line fence. Smythe & Smythe, attorneys for the defense, filed a demurrer to the affidavit, claiming that it was insufficient and that it did not name the place where the crime was committed. The justice sustained the demurrer and the prisoners were discharged.

Transcript Filed.

A transcript from the civil docket of Justice M. O. Nash in the case of Wm. C. Wells and Thomas Good, doing business as Wells & Good, vs. Robert Arbaugh, has been filed with the clerk of the court.

Their acts of kindness and expressions of sympathy will ever be remembered. We also thank our dear friends and neighbors of Newark and Madison township for the beautiful floral offerings.

A voice we loved is stilled,
A place is vacant in our home
Which never can be filled.

The boon his love had given,
And though the body molder here
The soul is safe in heaven.

FORTY THOUSAND AT DEDICATION

Christian Scientists Present From Every State in Union—Big Automobile Overtures.

Boston, June 11.—One of the most remarkable religious demonstrations ever witnessed in New England occurred when the new \$2,999,000 Christian Science temple, in the Back Bay district, was dedicated. From every state in the Union and from all parts of the world came members of the faith to be present at the dedication of the temple. It was estimated that more than 10,000 Christian Scientists were in the city. Six services were held to accommodate the vast throngs. The occasion combined both the annual communion and the dedicatory exercises. It consisted of the usual Christian Science opening exercises, the reading of the tones of the church, a dedicatory address prepared by Mrs. Mary Baker Eddy of Concord, N. H., the founder of the religion, and a solo by W. H. Chickering, the first leader of the church, and a lesson sermon specially prepared for the occasion.

Of all the hard luck individuals on the O. P. league map, Pitcher Jackson of the New Castle team can probably claim the record. That youngster was the hero of the day at Wehrle park here yesterday afternoon in a game between the Molders and the Outlaws and it was really a battle to the death between Jackson and Pitcher Locke, recently gotten from the Lancaster bunch. Jackson went the nine innings and broke the record in pitching on the Wehrle park grounds, and broke the strike out record of the league. Only three hits were allowed. Fifteen men fanned. Linke of Newark, previously held the record with fourteen strikeouts. Still Jackson lost the game and it was partly his own fault too.

Newark's only scores were tallied in the third inning when Reagan walked on four wide ones. He took second on Schlatter's error and was sacrificed to third when Boyd laid a neat bunt along the first base line. Locke was duped into striking at three of Jack's benders and when Danny Davis stepped to the plate there was a feeling in the big crowd that some one would score. Danny landed on a nice one and sent it to the fence not three feet inside the foul line. He took third on the hit and Reagan scored. Jackson with two gone, made a big effort to stop the scoring but Murphy failed to stop a low one and Davis came home on a wild one. The score then stood 2 to 0 and it remained thus during the balance of the game.

The Newark stock was pretty low in the first inning when it looked like Locke would be batted out of the box. Pinkney was the first man to step before the late Lank, and he pegged out a clean bingle. Hagan hit a drive to center but Pinkney failed to reckon on fast fielding and when he overstepped second, Drake whipped the ball to Davis, retiring Pinkney. Anderson reached first on a fielder's choice on an attempted double play. Hagan was thrown out at second and Andy was safe at first. Tibbitts hit a clean one and Smith walked through Locke's generosity. It looked bad for Newark and calls for a new pitcher were heard from some parts of the bleacher, but Locke had the situation well in hand. Rudy Rudolph hit at one and it struck the dust in front of the plate and didn't roll ten inches away. Winters picked it up and stepped on the plate retiring Anderson on a forced run. It was done. Newark's worst inning was over and at no serious cost.

In only one other frame was there danger of a New Castle run. In the fourth Murphy got a life on Davis' fizzle. The big catcher hit one which Danny fielded way out in left and on the throw to first, Danny lacked the steam to carry it to Markle and the long first sacker was pulled off the base and Murphy was safe. Schlatter took first on four wide one politely called by Umps Franklin. Two men were down then and Locke fanned Jackson, retiring the side.

After Davis' triple, Newark hit safely only twice. Locke sent a

drive to center in the fifth and Drake hit to left in the sixth. The rest of the time the Newark batters were busy hitting wildly at balls coming almost directly over the plate. In the seventh, Reagan, Boyd and Locke each struck three times and went to the bench. When the official scores told Jackson in the eighth that he had equalled the league record with fifteen strike outs, the grand stand and bleachers applauded the youngster and he was compelled to lift his cap, while cries of "break the record" were heard on all sides. BITTER PILL FOR MOGULS

Saturday's Defeat at Hands of Newark Was Clean

MOCK PITCHED GREAT BALL

SNODGRASS GOT TWO TIMELY HITS BUT BAD FINGER SPILT

Winters Caught Part of Game and Worked Nicely—Markle Gets Try Out on First.

It took Pitcher Blinky Mock, one of the pitcher squired from Lancaster, to take the chesty Moguls over to a tune of 9 to 3. It was a clever game, principally because Newark won and because it was peevishly near a shut out for Drumm's pets. Kaiser Wilhelm another pitcher that Drumm claims to be the candy finger was on the rubber and Newark hiters went after him just right. There was batting in all but two innings, and in some of the others there was enough to make up for the innings when nobody hit.

We started out just right in the first frame. Davis fell victim to Wilhelm's benders and Wratten hit a safe bingle. Bill Miller, one of Drumm's particularly fine out fielders, fooled that same hit and Wratten rested on second.

A good many years ago, Snodgrass made a reputation for himself of hitting the ball at opportune times. Regardless of the fact that some have declared him a listless player, he has sustained this reputation from time to time. He was at his old tricks Saturday, and his three sacker was decidedly timely. It took long enough to field the ball to allow the husky catcher to reach third and when Bradley stole second, Snow scored on the throw to attempt to cut off the steal. Drake fanned and that was enough for that frame.

With two men on bases and one out, Doyle hit into a double play which put a kink in the Zanesville scoring machine right in the first act. In the second inning Newark went after the puffed up Clay Eaters again and after Reagan had struck out, Boyd hit safely and scored on Lanzon's error when he fumbled Mock's high fly. Several other phony plays in that frame counted two for Newark and they breathed in the next inning with one hit, a double by Winters. During the biggest part of the game Mock was allowing only four men to face him and some of the time but three Moguls were called upon to take up the stick.

With the Davis-Wratten-Snodgrass combination in the fourth we shored another man across the plate. Davis hit safely and Wratten sacrificed. Snodgrass' usual pinch hit was forthcoming and he went to second while Danny Davis was scoring in spite of the fact that Joe Doyle was blocking the base line to the best of his ability. Danny steered into Doyle and fell over the catcher and doubled the plate and while Newark's extra-catcher was making the second stab at Danny, Snow was taking second. Snow stole third on Doyle, but died there when Brad fanned and Drake hit to Groh and was cut at first.

In the sixth inning, Newark scored a pretty quiet run. This time Captain Jimmy Cooper robbed Davis of a hit and Wratten singled. He took second on another fizzle by Bill Miller and when Markle who was hitting for Snodgrass, the latter having been injured, hit a safe one, Wratten came home. Markle stole second nicely and went to third on Drake's single. A base on balls filled the bases and Reagan came to the front with a safe hit scoring Drake and Markle. Winters who drew the pass, scored from third when Reagan drew the throw to second to cut off his attempt to steal. The little second baseman duly ran Halling. Ingerston, Groh and the bunch to death between the lines, always being able to elude the fielder with the ball. He tired of the sort and allowed him to be poked in the ribs with the leather.

The score was Newark's only bad inning. It got a life on a bad error by Markle. Halling was out to right field and Groh hit safely. Wilhelm got to the bingle and when Boyd pegged the ball to Wratten on third to Groh, the third sacker fumbled the ball and Tim was safe. The bases on balls forced a man across on a home run to Bradley. Three runs in that frame and the time that the local boys got a lead, Snodgrass fanned Markle. In the final inning, double after two men on base who were batting hit, he donned the new fogs which was called by a safe

NEW YORK BANKERS TO FINANCE SEARS, ROEBUCK & CO. FOR MILLIONS

Mr. Sears' Rise Is Wall Street's Wonder—Financiers are Amazed by New Prominence of Head of Great Chicago House.

The following New York message will be read with interest in Newark since it concerns Richard W. Sears, of Chicago, head of the firm that disposed of the output of the mammoth Wehrle stove foundry here:

Wall Street heard yesterday a story of the rise of a young man from the position of a telegraph operator less than 15 years ago to the head of a \$10,000,000 mercantile corporation, which is soon to be formed and which he will control. The man is Richard W. Sears, of Sears, Roebuck & Co., of Chicago.

News of the formation of the \$40,000,000 corporation became known when it was learned that Goldman, Sachs & Co., and Lehman & Co., bankers, of New York, have formed a syndicate to finance the firm, which is to be turned into a joint stock company. The name of the firm is Sears, Roebuck & Co., of Chicago. It is the greatest retail enterprise of the west.

Representatives of the banking houses said that plans have been practically completed for launching the industrial enterprise and that \$10,000,000 of preferred stock would be acquired by the Wall Street bankers. The story of the growth of the enterprise under the direction of Richard W. Sears they said, was like a page from the "Arabian Nights." Eleven years ago that firm had a capital of \$150,000. In a few days a charter will be taken out in New Jersey by the same firm for a \$40,000,000 corporation. Last year the firm earned net \$3,000,000. It was stated

that its business is now \$5,000,000 a month. All this is done by mail, and for cash in advance of shipment.

Friends of Richard W. Sears stated that he began the mail order business while he was employed as a telegraph operator on the Northern Pacific. In his spare moments he sold watches and firearms to his fellow employees on the railroad. The success of the scheme prompted him to go to Chicago, where he opened a store devoted wholly to mail order business. The firm was assisted by Moses Newborg, now a Wall Street banker and broker, and it started with a capital of \$150,000. One of Mr. Newborg's partners at that time, Julius Rosenwald, is now associated with Mr. Sears. Mr. Roebuck has retired.

In the eleven years the business has grown by leaps and bounds. It now employs 8,000 clerks and has 6,000,000 customers. There are 18 railroads which enter its plant and 100 cars are shipped daily. On Monday last it received 100,000 letters by mail and 7,000 registered letters. It gives no credit, and money must be sent in advance.

Credit was given in banking quarters Saturday to the remarkable genius of Mr. Sears, who has directed the entire business. He is not yet 43 years of age. The enterprise built up within the last few years now comprises a small city, with its own police force, schools, hospitals, etc. It was learned that of the \$40,000,000 of capital stock, \$10,000,000 will be preferred stock and \$30,000,000 will be common stock.

Baby Was Ill and Older Child Seeking to Give Relief Administered Carbolic Acid.

The two-year-old daughter of Mr. and Mrs. Thomas Avery, who was given carbolic acid by her four-year-old sister Saturday afternoon by mistake, died from the effects of the poisoning at 10 40 Monday morning.

Every effort was made to save the life of the little one, but in vain. Dr. J. W. Hornby worked earnestly with the child since the accident and stated that it was not so much the amount of the acid swallowed by it, as it was the fact that the delicate of the child could not withstand the effect of the strong acid even though a small amount was taken into the system. LOSES HIS SIGHT

Master Teaser of Utica Glass Factor Afflicted With Glaucoma—Remarkable Case.

Edward Brown, master teaser at the Utica glass factory, is afflicted with glaucoma, from which he has completely lost the sight of his left eye. The case is remarkable inasmuch as he was not aware that he was suffering from any disease or that he was blind and he had suffered no pain during the progress of the ailment.

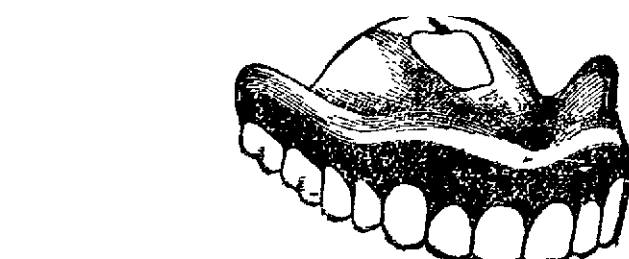

Not long ago Mr. Brown called upon Dr. Smith and said that he had for a few days suffered pain below the eye.

The doctor carefully examined the organ and then inquired whether his patient could see with it. Mr. Brown replied that the sight was all right, but upon being asked to test it by closing the other eye, he was astonished to find that the left eye was entirely blind. The nature of the disease is such that the trouble must have been a long time in reaching its present state, and that there was no pain in strange.

The doctor informed Mr. Brown that the case was a rare one and advised him to consult a specialist without delay, as the other eye was becoming affected from sympathy. A specialist in Newark and one in Cincinnati have examined the case, and both state that there is grave danger of the loss of the sight of the right eye, which has already become slightly affected.—Mt.
